In re Application of: Franz Haimer  
Application No. 10/522,088  
Filed: January 21, 2005  
Attorney Docket No. 62753(49388)

DECISION ON PETITION

This is a decision on the request under 37 CFR 3.81(b), filed November 6, 2007, to add the name of the assignee on the Fee(s) Transmittal form PTOL-85(b) by way of a certificate of correction in the patent to be issued from the above-identified application. This is also a decision on the request under 37 CFR 3.81(b), which is being treated as a petition under 37 CFR 1.182 to reprint the assignee's name on the front page of the Letters Patent.

The petition under 37 CFR 3.81(b) to add the assignee's name is **GRANTED**.

The petition under 37 CFR 1.182 to reprint the front page of the Letters Patent is **GRANTED**.

The request was accompanied by a certificate of correction (and fee) as required by 3.81(b). Further, Office assignment records reflect that Franz Haimer Maschinenbau KG is the assignee of record. Accordingly, as the request complies with the provisions of 37 CFR 3.81(b), it would be appropriate for a certificate of correction to be processed after issuance of this application into a patent.

Petitioner is advised that it is the practice of the U. S. Patent and Trademark Office (USPTO) to issue a certificate of correction to correct an error on the part of an application in those cases where the assignee or attorney data is incorrect or was inadvertently not provided at the time of payment of the issue fee or the inventor's name is misspelled or otherwise incorrect. Note 37 CFR 1.323 and MPEP 1482 (35 U.S.C. 255), which states:

"Whenever a mistake of a clerical or typographical nature, or of minor character, which was not the fault of the Patent and Trademark Office, appears in a patent and a showing has been made that such mistake occurred in good faith, the Commissioner may, upon payment of the required fee, issue a certificate of correction, if the correction does not involve such changes in the patent as would constitute new matter or would require re-examination. Such patent, together with the certificate, shall have the same effect and

operation in law on the trial of actions for causes thereafter arising as if the same had been originally issued in such correct form.”

In view of the above, and since the desired correction of the assignee's name can be effected by way of a certificate of correction, it is unnecessary to reprint the front page of the Letters Patent.

However the USPTO will reprint the front page of the Letters Patent if the following conditions are met:

1. Submission of a petition under 37 CFR 1.182
2. Payment of a \$400 petition fee
3. Payment of a \$100 fee to place a certificate of correction in the USPTO archives

As authorized in the present petition, the \$400 petition fee has been charged to petitioner's deposit account.

Since petitioner has met the conditions noted above, the front page of the Letters Patent will be reprinted to include the assignee's name.

Petitioner is advised that the reprinted Letters Patent granted by this petition is the only one which will reflect the correction of the assignee's name on the front page. All other copies of the patent will reflect the correction of the assignee's name by the presence of a certificate of correction in Office records.

The file is being referred to the Certificates of Correction Branch for appropriate processing of a certificate of correction after issuance of this application into a patent and for reprinting the front page of the original Letters Patent.
